

ECT Schedule - Primary Group 2

The aim of the Early Career Teachers programme with Manor Teaching School and Ambition Institute, is to build the expertise of ECTs, to ensure the greatest possible impact on the pupils in our classrooms.

The programme builds expertise through a combination of components:

- **Self-study content.** You will complete weekly self-study modules on Steplab to develop your knowledge of the evidence-informed content within the early career framework.
- **Instructional coaching.** In-school Mentors run regular instructional coaching sessions with you in school which are carefully structured and tailored to your needs by considering your prior knowledge and current classroom practice.
- **Conferences and clinics.** Facilitator run sessions help you to examine key elements of practice in more detail. The schedule of these sessions is detailed below for both year 1 and year 2 of the programme.

All Face to Face events are **delivered at Manor Teaching School Hub, Ettingshall Road, Coseley, West Midlands WV14 9UQ** and clinics which will be delivered virtually via Teams. You will be contacted closer to the time, to establish which clinic date you wish to attend. You are expected to attend all sessions.
