

### Programme Structure

The NPQEYL is an 18 month blended learning programme. Each topic has a six week online learning module delivered on Steplab which you will need to assign weekly time to review. Online modules have a “learn” component, which you do in your own time, and a “apply” component when you discuss your learning with a buddy at a time that suits you both. Facilitated input comes from 2 experienced senior Early Years leaders at either a Conference or Clinic input each half term (sometimes face to face).

Virtual communities offer additional opportunities for participants to reflect together on their learning.

Below you will find a summary of the programme topics covered in the online modules and a set of dates for your diary where you will get together with others on the programme.

**Online Module 1 - Implementation** (opens 29/01/24)

**Online Module 2 - Culture** (opens 18/03/24)
